

Vysoký vodopád (High Waterfall)

5,5 km

15,9 km

3 h

434 m

The highest waterfall of the Jeseník Mountains lies at an altitude of 1007 m above sea level, about 3 km from Praděd. The most beautiful view of it is in the spring, when the Studený potok (Cold Stream) has enough water. You can get to the waterfall from Bělá pod Pradědem along the blue hiking trail. It is possible to continue to the Švýcárna Mountain Chalet.
