

# Bílá Opava River Nature Trail

 **5,3 km**

 **9,3 km**

 **2,5 h**

 **210 m**

The nature trail leads through mountain nature along the Bílá Opava River. It consists of two parallel routes (blue, 5.5 km long = easier, and yellow, 5 km long), which are common in places. Both start in Karlova Studánka at the Hubertus Hotel and split up in a place called Na Paloučku. The blue route ends at the Barborka Chalet, the yellow at the Ovčárna Hotel. Get ready to overcome a more difficult terrain, where you will find fallen trunks, slippery rocks, wooden ladders and footbridges leading across the Bílá Opava River. Altogether, there are 13 natural science information panels. The trail is open to tourists in the summer season from June to the end of September. **It is not recommended in winter.**
