

# Klepáč Lookout Tower

 **4,8 km**  
 **85 km**  
 **3 h**  
 **492 m**

The Klepáč lookout tower (Trójmorski Wierch in Polish) can be found on the Czech-Polish border in the area of Králický Sněžník, at an altitude of 1145 m. The wooden lookout tower with a height of 24 m is freely accessible all year round.

The access to it is marked on the existing tourist routes:

1. blue and then red route from the Dolní Morava, forest administration stop – 3.9 km on foot
2. red route leading from the town of Králíky – 12 km on foot
